

Functional & Performance Testing Template

Model Performance Test

Date	30 September 2026
Team ID	SWTID-2026-5468
Project Name	Implement Client Script & UI Policy (Incident)
Maximum Marks	

Test Scenarios & Results

Test Case ID	Scenario (What to test)	Test Steps (How to test)	Expected Result	Actual Result	Pass/Fail
FT-01	UI Policy: Assignment group mandatory when Impact is High	Open a new Incident, set Impact to 1 - High and leave Assignment group empty	Assignment group becomes mandatory	As expected	Pass
FT-02	UI Policy Action: Urgency read-only when Impact is High	Set Impact to 1 - High and try to edit Urgency	Urgency is visible but read-only	As expected	Pass
FT-03	onChange Client Script: auto-set Urgency	Change Impact to 1 - High on an Incident	Urgency is set to 1 - High and the info message "Urgency set to High for High impact incident." is shown	As expected	Pass
FT-04	onSubmit Client Script: save validation	Set Impact to High, leave Assigned To empty and click Submit	Save is blocked and the error "Assigned To is mandatory for High impact incidents." is shown	As expected	Pass
FT-05	Successful save	Fill Assigned To with a user and click Submit	Incident is saved without errors	As expected	Pass
FT-06	Reverse condition (Reverse if false)	Open a High impact Incident and change Impact to	Assigned To is not mandatory, Urgency is editable and the	As expected	Pass

		Medium	record saves		
FT-07	onCellEdit Client Script: block State edit in list	In the Incident list, double-click the State field to edit it	Alert "State cannot be updated using list editing. Please open the Incident." is shown and State is unchanged	As expected	Pass
FT-08	Form-based State update	Open the Incident form, change State and click Update	State change is saved successfully	As expected	Pass
PT-01	Response time of onChange script	Change Impact to High and observe how quickly Urgency updates	Urgency updates immediately without reloading the form	As expected	Pass
PT-02	Response time of save validation	Click Submit with Impact High and Assigned To empty	Error message appears immediately and the form stays open	As expected	Pass
PT-03	Repeated Impact changes	Change Impact between High and Medium several times in one session	Fields apply and revert correctly each time without delay or errors	As expected	Pass
